The knowledge gained from her initial outing should prove valuable this race. Don't see her as a sure thing after that last event. Back peddled in the homestretch last time around the track.

Second lifetime outing - horse could improve off of last race. Didn't finish in the top half of the field last event - might have to expect the same today. Sire's turf foals have not been profitable prime bets of late (-55% ROI).

Mount is on a nice winning streak - may keep it going. Sire's offspring have not shown good dividends on the grass (9% wins, -21% ROI). William Walden is strong with horses coming off of a long layoff.

Definitely one of the value plays in this event given the power rating. Don't pass on this horse in your prime bets as Chris A Hartman knows how to get this horse ready. Finished in the second half of the pack last time - not a ringing endorsement.

This jock/conditioner duet has a favorable return on investment. Trainer's recent ROI data (+741%) with this horse make a sound bet. Tough to support any entrant that runs as well as he did, then lays up and doesn't workout.

Ron G Potts has solid numbers with this filly that point to a very stong contender. This rider/conditioner combo is cold right now - not a high winning percentage together. This horse coming off a sharp race in the last 30 days is definitely live.

Out of the top half of the field in the last race. Hard to play this gelding today - jock's win percent lately has been lackluster. Didn't display much willingness during the stretch drive last time - be cautious with him.

Chad Summers has recorded strong returns with horses moving down in class (20 starts, 40% wins, +33% ROI). Don't see him as a sure thing after that last event. Didn't show enough mettle down the lane last time.
